Bill #	Description	House	Senate	Final
H403a* FP SUPPORT	Amends existing law to establish provisions regarding a reduction in the number of supervisors and to revise provisions regarding terms of office, the filling of vacancies, and quorums.	2/14 54-13-3 3/12 70-0-0	3/6 34-0-1	LAW 3/14/2024
H412* FP SUPPORT	Amends existing law to provide for the use of technology and procedures to allow vehicles that meet established criteria to lawfully bypass a port of entry. NOTE: H412 aids agriculture by allowing trucks to stay on the road using technology such as in-road scales and license plate scanners to check for registration and permits. This will prevent wasted fuel from having to idle at the port and accelerate to leave. More importantly time will be saved as trucks can be stalled at ports from bottlenecks from every truck having to stop. With this bill, commodities will stay on the road and drivers can get the product farther, quicker.	2/5 70-0-0	2/29 35-0-0	LAW 7/1/2024

NOTE: This legislation protects the agricultural pesticide products our farmers and ranchers depend upon from litigation based on "failure to warn." The legislation does not preclude lawsuits from being filed, rather it removes the "failure to warn" claim as justification because under the laws of the state of Idaho, the pesticide label, or most recent human health assessment under FIFRA, or carcinogenicity classification by the EPA would satisfy all warnings for health and safety.		2/15 15-19-1 FAILED

Projects include aging infrastructure repair, Boise River water delivery improvements including telemetry, replacement of diversion structures, recharge on the Eastern Snake Plain, and water supply projects in Lewiston. Importantly, the value of the projects completed using these funds has far exceeded the money provided by the legislature. For example, the \$25 million in aging infrastructure grants made available following the 2023 appropriation have been used to help fund projects valuing well over \$75 million. The \$30 million line item for water infrastructure projects will continue the long-standing support of Idaho's legislature in ensuring that our water infrastructure can continue serving the citizens of this state for future generations.	3/14 48-20-2	3/11 26-9-0	LAW 7/1/2024
